

Complete Your Health Professions Internship with

Now accepting
applications for the
Summer 2016 Semester!

What can GVAHEC do for You??

What we offer:

Three academic semesters: Fall, Spring, Summer

Flexible hours: Hours vary to fit your needs— no required minimum hours

Stipend: Based on hours and is paid upon completion of internship

Two convenient locations: Phoenix and East Valley campuses

Community Based: Work in community settings that value your contribution

Supportive environment: receive feedback and gain confidence in your abilities as you apply your knowledge to real world settings

What you will experience:

Professional development: Work with preceptors and community partners in a professional environment

Application of theory: Integrate and implement skills learned in your program

Health education: Develop health and wellness education curriculum and deliver classes to various populations within the community

Interdisciplinary Teams: Opportunities to work in a team environment with students from a variety of health profession disciplines
